

Welcome to Kil

Sweden

3 -7 august

European championships 2015

Sunset over south lake Fryken

It is a pleasure for us to wish you welcome to Kil for this championship, held by the Swedish field archery association and the IFAA. Kil is located about 300 km north from Gothenburg and about 300 km west from Stockholm. This area which now is used is about the same as it was 1997 at EFAC. We will have our own campingplace at competitioncentre for your service but there are also hotels and other campsites as well as room for rent (see separate list) a few kilometres from our centre.

We will do our best to be at your service and like to see you here !
